Quaker Stretcher to Relocate Here

Firm Noted For Steady, Sound Growth

The Quaker Stretcher Co., Kenosha, now in the midst of planning for its mid-1961 move to Antioch, is a fast-growing, light manufacturing firm specializing in such products as TV serving tray tables, room dividers and book case shelving, clothes hampers, waste baskets and such house wares as are found in variety and gift stores.

The business was begun in 1934 in a modest way by Frank C. Block, brother of the president, Walter W. Block, Sr. In 1935 Walter acquired an interest and the two brother incorporated in 1935 as Block Manufacturing Co. That same year, Sag-Proof Curtain Stretcher Co. succeeded under direction of Walter W. Block. Two years later (1937) Quaker Stretcher Co. was organized. The following year, Quaker Stretcher and Sag-Proof Curtain Stretcher Co. were merged.

Sound growth has marked the company since it was organized in its present form 21 years ago. The firm has national distribution in this country and Canada through its own sales force and manufacturers' representatives. It also has representatives in Hawaii and Germany. Its products are distributed through jobbers, department stores, stamp plan operations, catalog mail order firms, chain stores and premium outlets.

The company is progressive in the field of new product development and feels that there are many avenues of research and testing in fields related to its present operations.

Management of Quaker Stretcher operations is concentrated in an executive board consisting of president Walter M. Block, vice president, treasurer, works manager, sales manager, and advertising manager.

TURNING OVER the first spadeful of earth marking initial construction work on the new Quaker Stretcher Co. plant here is Village President Murrill Cunningham, flanked by general contractor Arnold N. May on the left, and Bernard Osmond and Herman Holbek, village trustees on the right. At ground breaking ceremonies last Monday, Cunningham described Quaker's plans as a "most important" event in Antioch history.

SITE OF QUAKER Stretcher Co.'s plant can be seen in this view looking west toward the railroad tracks in east Antioch. With site preparation underway, work is expected to begin on the 152,000 square foot structure within 90 days. Quaker expects to occupy the new building by July 1, 1961.

Impact on City's Economy Incalculable; Site Work Underway on 20-Acre Park

Long-range growth plans of Antioch received a healthy shot in the arm with announcement earlier this week that the multi-million-dollar Quaker Stretcher Co., Kenosha, will relocate here by the middle of 1961.

In ground-breaking ceremonies Monday, village president Murrill Cunningham hailed Quaker's pending move as "as big if not bigger than the impact of the summer trade in Antioch." He termed the Kenosha firm's move the first of several desirable light industries which, it is hoped, will locate in the community.

Quaker is expected to employ more than 300 with an annual payroll of between \$500,000 and \$1,000,000 to a work force almost evenly divided between men and women workers. Annual volume of this 25-year-old firm is estimated to top \$5,000,000 annually.

For Cunningham and village trustees, this is a culmination of more than five years of diligent search for industries which, in the opinion of Antioch officials, are contributing factors to the community's progress. "They will grow with us and we will grow with them," he said.

Even more important from the standpoint of Antioch, says Cunningham, will be the impact on the youth of the community. He sees industries such as Quaker Stretcher demanding skills and craftsmanship a notch above those native to outlying communities. This is an incentive and challenge. Youth recognizes opportunity.

He feels that industries such as Quaker Stretcher will halt a trend for the more talented youth to migrate to other areas where more and varied opportunities are present. Retention of this talent is of incalculable value to a city, he feels.

Future growth of industry means an expansion of village facilities and services, he pointed out. It means more job opportunities and has a direct favorable influence on local business and the tax structure. "Antioch is in the unfavorable position of having an unbalanced economy, dependent largely upon the summer influx," Cunningham said. "Such firms as Quaker Stretcher Co. tend to level out any peaks and valleys in our economy, offering us a strong, balanced base on which to grow."

He promised complete cooperation of the village with Quaker Stretcher Co. during its period of construction.

The one-story complex will be of modern design incorporating latest developments in economical curtain wall construction. Framing will be of structural steel. Walls will be of aluminum sandwich panel composed of two wythes of aluminum enclosing an insulating core.

Exterior wall surface will be fluted with pattern running vertically.

This type of construction is considered most feasible for industrial construction because of its attractive appearance, economy and ease of maintenance. Masonry and glass walls will enclose office areas.

According to May, his Richmond general contracting firm will do all work on site, preparation, excavating, cement, masonry, steel erection, carpentry, paneling, cabinet making and painting, with some utilities and mechanicals being subbed out. He plans to start moving in heavy equipment early next week in an effort to take advantage of the unseasonably mild weather and in consideration of a fairly-tight completion schedule.

May disclosed that all being equal, local suppliers will play a prominent role in furnishing materials for the new industrial complex.

MAIL EARLY!

Mail Early this Christmas! That's what Roy Kufalk, Antioch postmaster, and his workers are hoping you'll do. And they are joined in this earnest wish by those who supervise postal and transportation facilities everywhere.

With Christmas less than six weeks hence, postal officials are beginning to brace themselves for this annual onslaught. So to minimize the danger of late delivery and to ease the burden all around, mail Christmas packages early.

Concert Band Opens Season Here Saturday

Members of the Antioch Township High School Concert band, under direction of Joseph T. Rush, are rounding out practice sessions in preparation for the first concert of the year, Saturday at 8 p.m. in the school auditorium.

Having recently completed a successful march season, band members have been preparing for the concert season opener for several weeks, Rush said.

The program will include a wide variety of selections including "Music for a Carnival" by Clare Grundman, "The Marriage of Figaro" by Mozart, and "Pastels" by William McRae.

Featured on the program will be the high school dance band and a trombone sextet made up of Jane Lassen, Pete Zeien, Roger Dewar, Ronald Van Rooyen, Mike Brooks, and Harry Hansen.

The dance band, now in its second year, began its season Oct. 29, playing for the Parent Teacher Association dance.

New jackets for band members, to be worn for the first time at the concert, will give members a new look.

Tickets for the concert may be purchased from any band member or at the door.

Annual Fair, Dinner Set For Nov. 27

Interested civic organizations and merchants are busy this week putting last-minute touches on booths and exhibits scheduled for the second Annual Christmas Fair to be held Sunday, Nov. 27, at Antioch Township High School gym.

Some 24 displays, each featuring Christmas merchandise and decorated in a holiday motif, have contracted to exhibit.

In announcing arrangements Lions Club officials, sponsors of this annual event, revealed that displays will sell and take orders for Christmas gifts on display. Among leading displays will be the Lions Club, with a booth featuring Civil War relics and mementos as a kickoff to the Civil War Centennial to be celebrated throughout the country next year; the Art Club, with works of interest; and the Antioch Woman's Club, Christmas theme.

On hand will be a well-known magician to perform divers feats for young and old throughout the afternoon. Santa Claus photographs, successful last year with the small fry, will be repeated again this year. Lions club members have arranged a pancake dinner during the Fair, also to be held at the school. Butler Brothers maintains a major distribution center in near-by Des Plaines to speed to local stores merchandise produced by hundreds of nationally known manufacturers.

Backed by this national organization, the Ben Franklin voluntary chain is one of the largest in the variety store field, according to Dubas.

William Setek, 59, Heart Attack Victim

Services were held at 2:30 p. m. last Saturday for William Setek, 59, of 445 Lake St., Antioch. Setek, an apparent heart attack victim, died Nov. 10, at 5:15 p. m.

The victim, rushed by the Antioch Rescue Squad to the office of Dr. James W. Kopriva, was dead on arrival.

A native of Antioch, Setek had worked at the Antioch Lumber & Coal Co. for the past 18 years. Surviving are his widow, Hermina, one son, William J., Antioch, and daughter, Mrs. Charles R. Atwood, also of Antioch.

K of C Charity Dance Saturday in Antioch

Knights of Columbus, St. Peter of Antioch, will hold their annual Charity dance Saturday evening in Antioch. Planning the event are KC officials Dr. Edward Warner and Dr. A. A. Bucar, co-chairmen, and James Kelsich, Council Grand Knight.

The dance will be held at Lyons-Ryan Ford showroom to music by the Skyliners.

Of the 23 lettermen, 11 will be lost through graduation, with 12 returning, around which Coach Bob Walther hopes to build a winning team.

Lettermen on whom Walther is counting heavily next year are: Frank Brown, Don Verkest, Joe Pleviak, Frank Nauseda, Steve Chandler, Bob Krieger, Bruce Wollpert, Toby Henry, George Hogan, Ray Partipilio, Joe Gates and Bob Barnstable.

With this year's winless season, 8 losses against 0 wins, Walther finds things looking up as he contemplates gridiron prospects for next year. The two tackle spots, both on offense and defense, remain the biggest headache; but with several promising underclassmen coming up, this shouldn't be too tough to solve, according to Walther.

Flames Gut Plant Here; Damage High

Flames gutted the Chain O' Lakes Drive-in Cleaners, south of Antioch, early Tuesday afternoon, resulting in damages estimated at upwards of \$40,000 by the owner, Louis Mowen.

First reported at 1:15 p. m. by employees who noticed a blaze in the pressing and storage room immediately behind the front office, the flames took more than two hours to control.

The main portion of the structure, located 1½ miles south of the city limits on Highway 21, remained only a smoldering shell late Tuesday. Clothing and articles to be cleaned were totally destroyed, the roof badly damaged, and pressing equipment beyond salvage.

The fireproof construction of the cleaning wing to the south, with its tanks of flammable fluid, prevented spread of flames to this potential danger area.

Two trucks from the Antioch Fire department and the Antioch Rescue crew answered the alarm. Cause of the flames was not known at press time.

Cadet Harry E. Nelson, son of Mrs. Torborg Nelson, Broadway Ave. and junior at Marmion Military Academy, Aurora, was among those attending the tea dance at the Sheraton-Blackstone Hotel in Chicago, Saturday, in honor of visiting Swedish princesses, Brigitta and Desiree.

The princesses, granddaughters of King Gustav VI, left Chicago by air earlier this week to return to their homeland.

DEAR READER News Editorials

Your Stake in a Free Press

Citizens of this country have pretty much taken freedom for granted. It is something we have always enjoyed like the air we breathe. We may be apt to overlook the fact that as the air of our cities is becoming more and more polluted, so is our freedom.

No industry has more at stake than the newspapers in the fight against "welfarism" and socialization of industry in the United States.

What happens to newspapers when a people is "freed" by having the government take over the means of production and assure us all that "lovely security" from cradle to grave? One of the first things that has always and will continue to go under a benevolent government is a free press. This has happened in every country where political domination of the people has been used to "free" them and take over private activity.

Witness Russia, Latvia, Hungary, Estonia, Albania, East Germany, Rumania, Czechoslovakia, China, Tibet, Bulgaria . . . to name but a few. But we have merely to stand on the tip of Key West and look 90 miles southward to Cuba to see the latest example.

In fact, one of every three persons on the face of this globe is under Communist domination and its "secure", controlled way of life.

Uncontrolled newspapers cannot be tolerated for there must be no criticism of oppressors.

My Party 'Tis of Thee

Knowing Harry Truman's penchant for consigning to fiery limbo all who disagree with Harry, be they Republican or Democrat, we must confess to surprise at a recent article by-lined by the ex-president unequivocally endorsing John Kennedy as our next president. Particularly in view of his convention-eve statement that "Mr. Kennedy is not ready for the country and the country is not ready for Mr. Kennedy."

This was Truman the politician vainly attempting to muster his waning party influence.

Truman the man shines forth in closing paragraphs of this article when he admits to initial misgivings about Mr. Kennedy and then reveals his later conversion. This is a new Truman.

Although we have admired little of Mr. Truman other than his ability to take a good belt of bourbon and his freebooting poker, we wish the warrior from Missouri well.

We'll miss the old Truman razzmatazz.

Courthouse Notebook —

MORE ELECTION POST-MORTEM: Even some of the most ardent and enthusiastic backers of Gov. William G. Stratton in his ill-fated bid for a third term in Springfield are in the front rank of the "I told you so" brigade now that all the returns are in as far as the gubernatorial race are concerned.

It's hard to believe that Gov. Stratton, astute politician that he is, would have tried for a third term if even half the people who claim to have warned him against a third try at the brass ring had actually done so.

On the other hand it is hard to understand how the governor could have miscalculated his strength so badly. While Gov. Stratton's political sun will be in eclipse for awhile because of his defeat in last week's election, it is hard to imagine him remaining out of the political wars for very long.

He may be selling insurance for awhile, but he will be mending his political fences while doing so.

After looking over the returns in the county election it is hard not to question the value of campaigning in Lake County elections.

Bill Gyzen, Democratic candidate for county coroner, and Donald Morrison, Democratic candidate for state's attorney, waged vigorous campaigns and spent considerable money while Charles Lucas, candidate for county recorder, was out of action a good part of the time and did little or no campaigning.

Yet the vote spread between these candidates was negligible.

On the other side of the coin, Mickey Babcox spent much of the closing weeks of the campaign hunting, but there was no appreciable difference between the votes he garnered and those of his Republican running mates.

Maybe the candidates and their backers should forget about rallies, meetings, posters and advertising and relax during the campaigns.

Atty. Robt. Cushman, of Highland Park, serving as a "friend of the court" in the Circuit Court litigation to determine the legality of the transfer of Courthouse Square to the Lake County Public Building Commission, opines that the transfer is legal and Judge William R. Dusher, of Rockford, can be expected to rule the same way.

Cushman also issued an opinion that the rider amendment to the transfer resolution calling for construction of a courthouse annex in the center of the county is illegal and void.

This ruling is undoubtedly valid, but it is also superfluous since it is almost a certainty that there would be no effort to build two courthouses at the same time.

The rider amendment was a compromise between the Waukegan courthouse forces and those who had insisted on a new county building in a more central location, but none of the supervisors could have seriously believed that two would be built.

Now that the election is out of the way the county board can get down to the business of appointing a county financial officer and a land agent to handle the purchase of the Newport Township that will be the first step in the development of a Forest Preserve District.

After last week's election there should be plenty of applicants for the fiscal agent's job from among former or soon-to-be former state officials.

Libraries, Schools Mark Book Week

The public is urged to visit the Antioch Township High School Library this week in observance of National Book Week, Nov. 13-17, according to Elsa M. Tyndall, librarian, in charge.

This is the 42nd annual observance of National Book Week, with this year's slogan being "Hurrah for Books." Aim is to encourage school children to read more books with the accent on worthwhile literature.

National Book Week was inaugurated in 1919 by Franklin K. Matthews, a writer of books for boys, and Frederick Melcher, editor and publisher. Educators and librarians have eagerly taken up the idea and it is now being celebrated in thousands of schools throughout the country.

The public is invited to visit the high school library each afternoon during the week to inspect exhibit of new books and other collections.

In an invitation outlining the achievements and growth of the Antioch Township Library, librarian Marion Harden extended an invitation to all residents to visit this community facility during National Book Week and every week throughout the year.

Everything stays clean twice as long in a flameless electric kitchen

There's no flame to create dirt that smudges walls or ceilings. A clean-cooking electric range cooks without soiling, keeps your kitchen clean about twice as long. Result: you spend half as much time and money on washing and decorating.

Heats food—not you. A flameless electric range transfers heat to the pan and directly into

foods—not your kitchen. The oven is insulated on all six sides (not just five). Hardly any heat escapes. Your kitchen stays at least ten degrees cooler.

When you build, buy an appliance, or remodel your kitchen, keep in mind the clean, fume-free cooking you get in a flameless electric range.

Kettle Moraine Woman's Club Hear Talk on Modern Freeway Driving

Freeway Driving Is Different" was the topic of the talk given by Mr. Darrell Vincent, of Madison, Wis., representative of the American Automobile Association, when he appeared on the program of the Kettle Moraine Woman's Club, at Wilmet Union High School Monday evening before an audience of 40 members and guests.

Before introducing the speaker, Mrs. Gordon Neuenfeldt, program chairman, spoke of the many advantages one receives when he belongs to the AAA.

Some facts brought out by the speaker: More women do driving and traveling. Trend is that by 1970 there will be 110 million drivers.

World of travel is not new, but now there are more people driving many more cars, many more miles. So freeways, superhighways or express highways are being built throughout to help in safer driving.

He showed a map of Wisconsin where Hwy. 94 extends and where it will extend when finished. We need to train our young people how to drive on the freeways, and older drivers should make a study of how to drive on them, he said. A film on how to get on, drive on and get off the freeway and rules of the road such as observe signs, maintain proper speed, keep proper distance from other cars; avoid drowsiness; and be ready to meet emergencies.

Miss Erminie Carey, president, presided over the business session. Committee reports were given; ways and means members were asked to bring articles for sale at the next meeting; Community service, Mrs. A. J. Bruen, suggested several things club members could do for the aging and shut-ins in our community; a donation of \$5 was made to the Kenosha County United Fund. Instead of the usual gift exchange at the Christmas party, it was voted for each member to bring a gift of money to be given to the veterans.

Mrs. Roy Swenson gave a brief report on the Walworth County Institute held at East Troy on October 19, at which Mmes. Jack Anderson, Arthur Bruen, R. Swenson and Miss Erminie Carey attended. Mrs. Jack Anderson reported on the Kenosha-Racine County Institute held at Wilmet Methodist church on Nov. 1, at which Kettle Moraine Woman's Club was hostess.

An invitation was read from the Kenosha Woman's Club to attend its meeting last Tuesday to hear Marcus Bach, world traveler and lecturer.

Mrs. Roger Sherman was accepted into membership of the club. Refreshments were served around tables decorated in Thanksgiving motif, by Mesdames Mike Griebel, Roy Crichton, Ray Berres, Nick Moos, James Turnock, Harry Jaegerman, William Hild and Glenn Morritt, hostesses for the evening.

Girls Invited To Join Troop In Lindenhurst

By Mrs. Bernice Bernau
ELIOT 6-5649

LINDENHURST—Brownie Troop No. 60 of Lindenhurst recently was rewarded with a dinner party at Rustic Manor in celebration of their nut sale.

Mrs. Helen Page of Valley Drive is leader and Mrs. Babe Standford of Fairfield Road is co-leader. The

ladies have announced that they have opened up their membership and are accepting new members. It will be a first come basis, as they can only accommodate 24 girls. Girls from 7 to 9 years old may join. They meet at the village hall every Wednesday after school. The school bus stops near there, but the parents must see that the girls get home. Meetings adjourn at 4:15.

The girls are now making turkeys for Thanksgiving, and will soon make centerpieces for Christmas. Congratulations to Mr. and Mrs. Auggie (Georgia) Matthis of South Thornwood Drive, on their 12th wedding anniversary Nov. 6. Dinner guests were Mr. and Mrs. James Feirabend of Mundelein and next-door neighbors, Mr. and Mrs. Roscoe Matzie and daughters. The Matthis have two daughters, Linda, 11, and Donna, 8.

Little Michael Golden of Elmwood Drive was a patient in St. Therese Hospital for four days recently. Keeping the 2½-year-old youngster company while he was there for observation, was his favorite stuffed toy won at the Prince of Peace carnival last summer.

Mrs. Martin (Dorothy) Golden of Elmwood Dr. gave a stork shower for Mrs. Richard (Jean) Morse of Hazelwood Dr. last Friday evening. Showering the baby-to-be with sweater sets, shoes, rattles, blankets, bunting, swing, etc., were Mesdames Marie Anderson, Nancy Dutcher, Lorraine Grant, Shirley Heidner, Mary Lou Crutchfield, Ruth Jansky, Elaine Miklatsch, Rhonda Sanders, Dorothy Smith, Virginia Van Vorous and Ruth Lind of Round Lake.

Jean expects the arrival before Thanksgiving. The Morses have two children, Marina, 6, and Michael, 3.

Last Friday evening, Mr. and Mrs. John Effinger, Mr. and Mrs. William Effinger, Mr. and Mrs. Rodney Rochambeau and Mrs. Emery Holway of Lake Villa, and Lindenhurst residents Mrs. Lloyd Stanley, Mrs. James Prohaska, Mrs. Edward Bernau, Mrs. Mike Fidanio, and Mrs. Ted Majewski of Lindenhurst attended Ivy League No. 14 meeting in Deerfield. (Lake Villa League is No. 15).

Dr. George W. Crane and Dr. Andrew C. Ivy were the guest speakers. Dr. Crane told of patients who were given a short time to live who became much improved after being treated with Krebiozen.

We were reminded that one person out of every four is expected to die of cancer. If Krebiozen is the answer, let's hope Dr. Ivy, its originator, will be given a fair test to prove its merits.

To know more about Krebiozen read Time Magazine's article, Oct. 10 issue, pages 60-61 and 62.

Pat Scharz of Fairfield Rd. was hostess for a Tupperware party last Friday evening. Ladies attending were Ing Spiegler, Ida Christensen, Ruth Burke, Georgia Sutherland, Betty Janaga, Dolores Povlallitis and Mel Uebele.

Happy birthday to Stanley Sutherland of Hickory Dr., who will be 14 on Sunday.

Girls Tour East Coast, Historical Shrines in D. C.

Two Antioch High School girls, now senior students at Holy Child High School, Waukegan, have returned from their class trip to the east coast. Miss Merry Keulman, daughter of Mr. and Mrs. William Keulman, Margate Ter., and Miss Rita Johnson, daughter of Mr. and Mrs. Clair W. Elliott, Rt. 21, report a highly informative visit to points of interest in New York City and Washington, D. C., and vicinity.

Highlights of their trip included visits to New York City's Empire State building and Radio City, a yacht cruise around Manhattan Island, and a visit in Philadelphia.

While in Washington, D. C., the girls visited the White House, Supreme Court, Smithsonian Institution, Museum of Natural History, Catholic University and the newly-completed Shrine of Immaculate Conception.

At Arlington National Cemetery, the girls witnessed the impressive changing of the guard at the Tombs of the Unknown Soldiers, and while in Virginia, visited Mount Vernon and Iwo Jima monument. Side trips to Gettysburg and the U. S. Naval Academy, rounded out their visit on the seaboard.

On their return they spent the night in Pittsburgh. As it was the day the Pirates won the World series, they witnessed the wild celebration.

They planned to tour the United Nations building while in New York but had to forego this as visiting heads of government were in session.

Noted Authority On Americana To Address AWC

Ethel Elize Zeller

Ethel Elize Zeller, authority on early American living, will speak before members of the Antioch Woman's Club at the next regular meeting Monday, 1:30 p.m., at the Southouse.

The program will feature "Once Upon a Holiday" in colonial Williamsburg. In her presentation preceding illustrated colored slides, Miss Zeller, gowned in a farthingale costume designed and tailored at Williamsburg, will bring to her audience a brief interlude of early American history of the English colonies as well as background information regarding the care and faithfulness of the detail with which the restoration of Williamsburg has been executed.

Christmas decorations were true works of art in the 18th century, as they are today in restored Williamsburg which comes to life as a nostalgic Christmas card during the Yule season.

To add complete atmosphere to traditional decorations made by Mrs. Zeller, indoor and outdoor colored slides of Williamsburg will be shown. The slides were taken by the Zellers on their visit to the world famous village last Christmas.

LADIES of the Antioch Women's Club were knee-deep in the spirit Christmas at their workshop meeting last Friday preparing decorations and exhibits for their booth at the second annual Christmas Fair, Sunday, Nov. 27, at the high school gym. Left to right are: Mrs. Gen Osmond, Mrs. Polly Bruhn; Mrs. Rosalie Lyons (hostess of the evening); Mrs. Joan Larson; and Mrs. Marge Solar.

Panther Cagers Face Union Grove

WILMOT, Wis.—Wilmet High School's Panthers open their basketball season Friday at Union Grove with a forecast by Coach Dale Schroeder of a 50-50 season showing.

The cage tilt at Union Grove gets under way at 8:15 p.m.

A 500 season would be an improvement on last year's, when the Panthers won 8 and lost 11 games. "Lack of experience will be a problem," said Coach Schroeder. "Bench strength does not appear to be as good as last year, but we're still hoping to win 50 per cent of our games."

Lost through graduation were Jim Harmon, Gary Held, Norm Roberts, Jim Ratchek and Tom Dicklin.

Agent Cites Conservation Assistance Given By State

By Leland C. Smith
County Agricultural Agent
The Kenosha County Agricultural Conservation and Stabilization committee has announced that Dec. 30 is the deadline for the initial sign-up of A.S.C. practices for 1961. The Agricultural Conservation Program will share with farmers the cost of getting good conservation practices established on the land. There are 21 different conservation practices that local county farmers can use, including soil conservation, forestry, and erosion control.

Practices probably needing the most attention now are those dealing with tree planting. Order blanks for trees from the Wisconsin Conservation Department are now available. There usually is a shortage on tree species, and those who order early stand the best chance of getting it filled.

There are many acres of land that should be reforested as they are unprofitable to use for anything else. For these acres, there is an A.S.C. cost-sharing program to encourage this conservation practice. Cost-sharing is also available for the planting of trees for shelterbelts and for erosion control. The rate of cost-sharing ranges from \$1.50 per 100 trees for machine-planted seedlings, to \$4.10 per 100 for the hand-planted transplants on steep slopes of 25 per cent or more.

Federal cost-sharing is not available for commercial Christmas tree planting or for ornamental stock.

To qualify for cost-sharing the landowner must apply to the A.S.C. office in the courthouse prior to tree planting. The trees also must be planted at least 800 per acre and not over 1,400 per acre; they must be protected from fire and grazing. The site, site preparation and species of trees to be planted must have the approval of the forester. For Kenosha, Jim Johnson of Elkhorn.

There is some cost-sharing on the building of fences where they are constructed to protect trees from grazing.

The planting of trees for shelterbelts and erosion control have to follow the same rules to comply for cost-sharing except these are supervised by the local S.C.S. technician, Tony Marini.

Shelterbelts are planted to protect land from wind erosion, as the wind moves much of the good topsoil from level fields when these fields have no cover crop. This is particularly true where the planting of truck crops is practiced.

The planting of trees for erosion

control is applicable to areas in gullies or along streams where water is eroding stream banks.

Shrubs can be planted in the same A.S.C. practices mentioned to encourage wildlife and to aid in erosion control. Generally they are planted in borders or in combination with trees.

Cost-sharing on shrubs ranges from \$1.35 for multiflora rose to \$1.45 for other shrubs. Multiflora rose grow better where a seedbed has been prepared; at least part of this bed preparation should be done this fall. Plowing or discing of the area to be planted is the best preparation.

Order blanks for the shrubs will be available at a later date.

Emmons Dance Friday

Educational Week" was the theme of the program.

The clothing drive sponsored by the FHA was reported a big success with each class vying for honor of having the most pounds of clothing. The clothing will be donated to needy of this country and foreign lands.

155 H.P. FROM FOUR CYLINDERS*

The new-size Tempest is primed to scoot on less gas! Five hot versions of the Trophy 4 engine. 110 to 155 h.p. Any choice will move out in a hurry, sail up a steep hill in high gear, has the power for quicker, safer passing.

Front engine is balanced by rear transmission. (Standard shift or extra-cost automatic.) Takes weight off the front. Easy steering. Longer tire life. Adds ballast in the rear. Improves traction and braking. No big

floor hump. Foot room and leg room for six men. Independent suspension at all 4 wheels. Most other cars only have it in front. Wide-Track, too. The Tempest wheels are set farther apart than the wheels of other new-size cars. Gives a solid stance. Secure cornering. There's a 4-door sedan and a station wagon.

ANNOUNCEMENTS

THANKS A MILLION

The Benedictine Fathers of Benet Lake wish to express their sincere thanks to all their friends and neighbors who helped them so promptly and successfully in fighting the fire that destroyed part of their Guest House in the early hours of Election Day. The damage was considerable, but it would have been much greater without your wonderful assistance.

We are especially indebted to the Antioch Fire Department and the Fire Companies of Salem, Trevor, Silver Lake, Wilmet and Bristol. God bless everyone who helped. Father Abbot and Community

Antioch Scouts Win 2 to Open Cage Season

Edge St. Mary's And Richmond; Play Sunday

Fresh from two wins, the Antioch Scouts, semi-pro basketball club, journeyed to Harvard last night to take on the local five there.

The Scouts play their second league game Sunday at Shady Lane School, Fox Lake, where they will meet Grayslake. Game time will be 4:20 p.m. On the afternoon's card will be Fox Lake vs. Wauconda, 1:30 p.m.; Round Lake vs. Richmond at 2:55, with Antioch closing out the day against Grayslake at 4:20 p.m.

In its first league game and second win of the 1960-61 cage season, the Antioch Scouts topped the Richmond Zephyrs, 78-73, in a closely fought game last Sunday at Grayslake.

The Scouts jumped off to an early 11-2 lead, the widest margin of the contest, but trailed 42-40 at the half. Al Reckers, with 5 baskets and 5 free throws, led Scout scoring in the first half, followed with Sid Parker, 12. Christensen of Richmond kept the Zephyrs in the race with 16 points in the first half, but was held to 4 in the second.

In the second half the Scouts rallied to take the lead and held a 4-point margin with 7 minutes to go. They outscored the Zephyrs 38-33 in the second half, mainly via the freethrow line where they made 10 of the 14 while Richmond made 7 out of 15.

High School Wrestling Tryouts Get Underway

Candidates for the wrestling squad of Antioch Township High School will meet this afternoon at 3:30 at the high school for an initial organizational meeting and tryouts. Coach Bob Walther announced. Coach Walther issued an invitation for all interested freshman and sophomore boys.

Weight classifications are: 95 pounds, 103, 112, 120, 127, 133, 138, 145, 154, 165, 180 and heavyweight.

Legion Cards Pro Wrestling Matches

WOODSTOCK—What promises to be an outstanding wrestling card has been scheduled by the Woodstock American Legion, at 9 p. m. Friday, Nov. 25, at the Woodstock Community High School gym.

The tag match will pit Red and Lou Bastien against Chet Wallick and Skull Murphy. In other matches, Gypsy Joe will battle Billy Goetz and John Kace will take on Johnny Gilbert.

The card, arranged through Fred Kohler Enterprises, Inc., features wrestling stars seen on TV and Comiskey Park shows. Tickets are available through the American Legion Posts at McHenry and Woodstock.

Aguero Most Valuable; Klemko New Captain

SALEM, Wis. — Andy Aguero, winner of four major letters and stalwart on this year's Central High football squad, has been named most valuable player. Vince Klemko has been elected captain of the 1961 squad.

Antioch	FG	FT	Pts.
Christensen	9	2	20
Katzenberg	8	5	21
Meyer	8	0	16
Miller	6	0	12
Bergsma	2	1	4
Schmitt	1	0	2

In the two other games that followed, Round Lake beat Fox Lake 66-64 and Grayslake topped Wauconda by 75-73.

Beat St. Mary's 74-63. In its first win of the season the Scouts topped St. Mary's of Waukegan, 74-63, here on Nov. 8.

After a tight first half that saw the Scouts ahead by a scant 34-30, the sharp outside shooting of Reckers, Pregenzner and Smejkal paid off. With Gallagher strong in controlling the boards, the Scouts were able to win going away. All members of the club saw action in this season's opener. For the Scouts, Reckers was high with 20 points, followed by Pregenzner, 18; Smejkal, 17; Gallagher, 12; Cardiff, 3; Walsh, 2; and Risberg, 2.

Blacharet and Boyle were high for St. Mary's with 20 each.

The close play that has characterized the league thus far, indicates a tight race, according to coaches, who have invited all interested in watching top basketball. There is no admission charge at Antioch.

Sponsors of the Antioch Scouts are: John Gaa & Son, Sail Inn, Economy TV, Antioch State Bank, Lakes Tile, Sequoit Harbor, King's Drug Store, Antioch IGA, Antioch Lumber and Coal Co., Bussie's Tavern and First National Bank.

Cagers Face Good Season, Coach Feels

Good News Ahead?

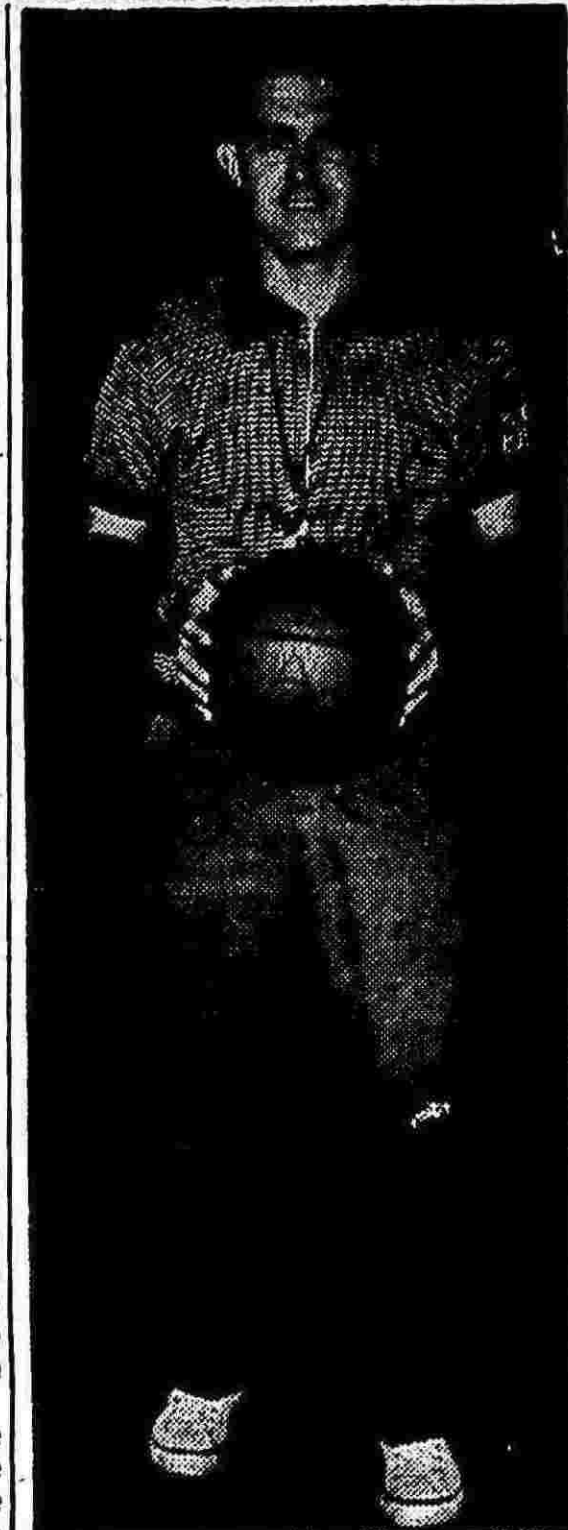

With several fast practice schedules under their belt Antioch high school's basketball squad is making satisfactory progress and will be ready for next week's opener at Mooseheart. Coach Larry Leon has concentrated on fundamentals in practice sessions thus far and feels his 15-man squad is somewhat further along in development than last year's winning squad was at this stage of the season.

Scrimmaging is yet to come, according to Leon, who has had the boys concentrating on general floor play—both offense and defense—and in smoothing the fast-break type of action which has characterized his teams over the past years.

It will be tough to duplicate, much less beat, last year's mark of 22 wins as against 5 setbacks. But there's confidence in the Sequoit camp.

The report of cattle on feed October 1 shows that farmers in 26 major feeding states were feeding just one per cent more cattle on October 1 than they fed last fall. This increase is less than the rise in population.
